Court Day.

Monday was a cold rainy day and
but few people were in town although
circuit court convened and county
court also. Very little business was
transacted, there being only about 100
cattle at the stock pens which brought
from 24 to 25 cents per pound. Most
of the people being busy in their tobacco
accounts for the absent ones.

Local Dog Wins Handsome Prize.

"Sport", an 18 year old fox hound
owned by Mr. W. A. Arnold of this
place won the "Derby stake" at the
National Fox Hunters meeting in
Coral Orchard. This is quite an honor
when you take into consideration that
there were dogs entered from all over
the country. The stake won by
"Sport" amounted to within the
neighborhood of \$100. and Mr. Arnold
had numerous offers from the assembled
fox hunters to buy the prize dog.
One gentleman from Fayette county
came to Lancaster and finally succeeded
in purchasing the dog at a fancy
figure.

Estes-Meadows.

A very pretty wedding occurred Nov-
ember 30th. Mr. Ollie Estes son of Mr.
and Mrs. S. H. Estes of Lancaster and
Miss Susie Meadows daughter of Mr.
and Mrs. John Meadows of Hyattsville
were ushered from the home of the
bride by Misses Lydia Crisiltus, Lo-
retta Taylor and Messers Elmer Ham,
Jesse Baird to the home of Rev. O. P.
Bush, where they were quietly mar-
ried. After which, they assembled at
the home of the groom where they
were greeted by their many friends
and a delicious dinner. This couple's
bids fair to a very happy and success-
ful career in life.

603 the Lucky Number.

On last Nov. 26th a large crowd at-
tended the demonstration of Haselden
Bros which was in charge of Mr. L.
A. Koons representing The Free Sew-
ing Machine Co. and they did what
they had advertised to do, by giving
away one of the Sewing Machine Com-
panies Celebrated Free Machines. It
was demonstrated to the crowd that
this wonderful machine would sew
with ease, accuracy and with perfect
stitches such material as the finest of
cloth, to the thickest of leather and
furs sticks without changing the ten-
sion.

Miss Lucy Walker Doty and Mr.
Frazier G. Hurt were the judges and
the crowd decided that the first num-
ber drawn from the can after all the
tickets were well mixed would be the
lucky number which was held by Mrs.
J. E. Ball. Haselden Bros were very
fortunate in securing the agency for
this wonderful sewing machine, which
is one more of the many good things
added to their large stock of goods.
If you haven't seen this machine it will
be time well spent for you to call at
Haselden Bros store where they will
take pleasure in showing it to you.

Circuit Court.

The regular November term of the
Garrard Circuit Court convened last
Monday morning with Judge Lewis L.
Walker on the bench. Judge Walker
made a very strong and impressive
charge to the grand-jury in which he
told them that he felt a very great in-
terest in the welfare of this county
and its people as he had always lived
here and expected so to spend the re-
mainder of his days. He called their
special attention to the violation of
local option law, the election law, the
fish and game law, gambling law, law
against carrying concealed weapons
and asked that the grand-jury intend
any one who may be running or suffer-
ing a nuisance and called especial at-
tention to our dilapidated old Court
house and the great need of the im-
mediate repairing of same including the
record rooms which are in a fearful con-
dition and make it almost impossible
for any one to find a record.

A large crowd of people, eager to
hear the new judge's first charge to a
Garrard County jury, assembled in the
court room and listened very atten-
tively to what he had to say, and a
great many compliments were passed
as the crowd left the court room.

Judge Walker has now held court in
every county in the district and ev-
ery news paper in the district speaks
very highly of his manner of conduct-
ing court. The lawyers of Danville,
Harrodsburg and Stanford speak of his
ability and the prompt manner in
which he facilitates the business
which is a great saving to the common
wealth and a help to the lawyers and
litigants.

Hon. Charles A. Hardin, our effi-
cient commonwealth's attorney is here
and as usual is doing his duty. It is
now known that he will have no op-
position for the democratic nomination
for Circuit judge, as he is the only an-
nounced candidate for the place. His
many friends in Garrard are greeting
him with, "glad to see you Judge Har-
din, I am for you." Mr. Hardin has
made a splendid record as common-
wealth's attorney and all who know
him believe that he has the ability
to acceptably fill the office of Circuit
judge.

County attorney J. E. Robinson is
filling the office of county attorney
and is endeavoring to see that all the
violators of the law are given their
just dues. Sheriff Ballard and Robin-
son are doing their duty and are keep-
ing perfect order. The smiling face
of Sheriff Robinson can always be seen
in the court room eager to perform
well his duties. "Keg" Mason, the
best circuit clerk in the state and we
are tempted to say the best one in the
United States is at his post of duty.
Uncle Jack Adams is watching every-
thing go off smoothly and is taking
care of the prisoners.

The resignation of Hon. W. I. Wil-
liams as Master Commissioner and F.
S. Hughes as jury commissioner was
accepted and Mr. R. H. Batson was ap-
pointed Master Commissioner and F.
G. Hurt jury commissioner. Both
these gentlemen are capable of per-
forming well the duties of their office
and we do not think Judge Walker
could have found two better men for
the places. Mr. Batson has been a
leading worker in the republican party
for many years and deserves some
reward for the earnest work he has giv-
en the party.

The following gentlemen compose
the grand-jury:

Messrs. Luther S. Gibbs, John Mar-
cee, Henry Cox, H. G. King, James
Dalton, Norman Grow, James Onstot,
D. P. Burdette, John Walters, Wil-
liam Clark, C. T. Goins and John An-
derson.

Following compose the petit jury:
Milton Mahan, William Sebastian,
E. L. Hagan, James Hill,
Givens Terrill, Nathan Pollard,
Dave Swope, Frank Holtclaw,
John White, W. E. Gott,
Raymond Ray, J. M. Farra,
Sam Sutton, Printiss Walker,
Woods Walker, Taylor Burdett,
David Sutton, J. W. Palmer,
Joe Boan, T. S. Rankin,
Alex Dean, Hiram Ray,
Frank Spratt, J. L. Jones.

No very important cases have been
tried so far. The case of the common
wealth against William Marsh and
Henry Creach was thrown out of court
on demurrer. Charles Campbell was
fined \$100.00 and costs for shooting on
the public highway Thornton Mullins
was fined \$50.00 and costs for assault
and battery. In the case of the com-
monwealth against W. B. Gott and
Dr. Kinnaird for running a nuisance
and the latter for allowing a nuisance
on his property, the jury failed to
agree.

The court upon its own motion di-
rected the Fiscal court of Garrard
County to provide a good and sufficient
water closet properly equipped with
water fixtures adjacent to circuit court
room also directed said court to have

the roof repaired over the circuit court
room and the plastering. Also direct-
ed them to provide an additional con-
sultation room. All this work to be
finished before the next regular meet-
ing of the Garrard Circuit Court.

Mrs. E. E. Dannels who has been
quite sick of a complication of trou-
bles at her home in the country, is im-
proving, under the close attention of
Dr. Kinnaird and Miss Sutton.

Sale of Town Property.

Hughes & Swinebroad sold for Mrs.
Anna B. Sinleton her dwelling and

ker. Price private. Possession Janu-

Shop Early.

For several years an effort has been
made to lessen the extra pressure of
work which during the holiday sea-
son falls on the salespeople in shop,
says Margaret E. Sangter in the
Woman's Home Companion for Decem-
ber. On those who deliver goods, on
the post office employees and in the
express offices the country through-
out. Never have I seen young women so
tired, haggard and dragged out as are
those who serve the public in the
weeks preceding Christmas. The
hours at that time are much longer
than usual, and the endeavor is to
meet the demands of anxious and hur-
ried customers who do not know what
they want, and are bewildered amid
the variety of tempting articles dis-
played.

Physically and mentally, the clerks,
messengers, cashiers and every one
concerned in mercantile pursuits are
worn to shreds. Much of their fatigue
might be prevented were buyers con-
siderate, and if the caution come too
late for this year, will not those who
need it make a note for another sea-
son? Books and packages sent by
mail and gifts transmitted by express
as well as the vast bulk of Christmas
correspondence should stretch over
December instead of being congested
in the two or three days before
Christmas.

Big Corn Show.

In the annual corn show, given last
Monday by Mr. Ed Gaines, the in-
surance man of this place, four premiums
were offered as follows: 1st, \$20 tarpou-
lin; 2nd, \$10 overcoat; 3rd, \$5 hat; 4th,
one yrs subscription to the Record.
In this contest there were nearly
100 competitors. It was the biggest
corn show ever held here.

The 1st prize was captured by Mr.
James House, a prominent and pro-
gressive farmer, near town, whose en-
try was a very fine variety of white
corn, grown on the old "Pony" Beaz-
ley place. The 2nd prize was won by
Mr. Clay Sutton, another representa-
tive captain of Agricultural Industry
this corn consisting of a long eared
white variety and having long smooth
kernels and small cob.

The 3rd prize was taken by Mr.
Thos. Chappelle, this corn was also
grown on Mr. Sutton's place just north
of town.

The 4th prize was won by Mr.
James Denny a popular and prosper-
ous farmer of the Point Leavel neigh-
borhood. This corn show was a fine
exhibition and gave rise to a wide
spread interest throughout the whole
county. It not only shows that we
have enterprising and up-to-date lords
of the soil, but it shows as well, the
amazing fertility of all this region.

In these respects we defy competi-
tion. Next year Mr. Gaines hopes to
hold another similar contest which
promises to be even more interesting
if possible, than the one just given.

WHO IS WHO?

Plan Of The Contest Explained Below.

In our next issue will appear a full
explanation of the "Who Is Who"
contest, which has excited very gener-
al interest about the town for the past
week. The full plan of the contest is
as follows.

We will print in our issue of Dec.
9th, a page of advertisements, repre-
senting twenty or thirty of the various
business firms of our city. The point
about these ads will be that a descrip-
tion of each merchant's business will
be given but his name will be omitted.
The puzzle will be to guess the names
of the merchants the advertisements
represent. Each ad will be numbered
and written answers to the puzzle by
number will be required. The contest
is open to everybody, and to the party
giving the nearest number of correct
answers a cash prize of \$5.00, will be
given, the next successful contestant
will get \$3.00 and the third \$2.00. It
does not cost a cent to guess, and ev-
erybody is invited to take a shot. It
is good advertising for the merchants
and is incidentally the talk of the
town. Look out for next week's pa-
per, which will contain the puzzle in
full. In the issue following the
names of the winners and the solution
of the enigma will be given out.

ANNOUNCEMENTS For Circuit Judge

We are authorized to announce Hon Charles A. Hardin a candidate for Judge of the Thirteenth Judicial District, at the November election, 1911, subject to the action of the Democratic party.

Hostility Against Railroads.

The National Grangers, in session at Atlantic City, demand the most drastic regulation of railroads, and cheaper rates. The hostile feeling against railroads is especially strong in the Granger breast, though hostility is decreasing in the ratio of increase of intelligence. We heard a judge say years ago that there were two things that could not get justice in Kentucky: negroes and railroads.

Another judge said when the law was passed enabling nice men to find a verdict in a civil case, it was done to make the railroads buy three jurors instead of one but he evidently had both a poor opinion of the average juror and of the honesty of railroad attorneys.

A prejudice against a railroad is not a creditable trait. They have rights guaranteed them under the laws, and there are legal provisions to protect the public from an abuse of those rights. They should be accorded full justice, and the man who feels that he can not give them a fair trial should want to be excused from a jury. He should tell the Court of his weakness. "Lexington Herald."

The Circuit court room has needed work on it for some time and we are glad to note that Judge Walker has ordered the fiscal court to fix it up before the next term of court. It will take about \$1000, or possibly \$1500, to do the work. One step in the right direction; now let all the people join together and have the entire building remodeled especially the record room in the County clerk's office. It will take something like \$5000.00 to do this and fiscal court can do nothing until the people vote the money.

It is hard to say which one of the nation's prominent men will be selected by the democratic party to run for President. There is no reason for rush as we have plenty of good material in Harmon, Wilson, Gaynor, Dix, Foss, Baldwin and several others.

Lets get the best one and take our time about it for the one selected is sure to be the next President and we all want a good one.

Editor Shelton Sauley of the Standard Interior Journal was in town Court Day. He tells us that he has just purchased a new Michle Press which is the finest made and that in a short time he will move from the old quarters of the I. J. to a down stairs room. Mr. Sauley is a hustler and has about the finest plant we know of and is a good newspaper man.

"Who Is Who?"

Old Man Grump has lost his grrouch, his face is lit up with a happy smile, the first smile for many months. What can the matter be? Why all this uncommon mirth? The answer is easy. He has discovered the "Who Is Who" contest—he has the habit.

All the week he has been trying to figure out who it was that said meet me face to face and who is it that will feather your nest, cash or easy payments. He says he is going to cap that prize at Lancaster because he is dead on to all the business men of the town.

No doubt you too are acquainted with the business men of Lancaster. Get busy on the "Who Is Who" and beat the old man to that prize money. If you don't hit first place you may come in a happy second or third.

Then you too will display that smile that won't come off. You will also have the habit. So just keep your eye on The Central Record and Remember there is money in the "Who Is Who" contest for you.

Saved An Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was his ruin the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c, at R. E. McRoberts & Son, 1m.

Grimes-Porter.

A pleasant surprise comes to the many friends of Miss Beula Grimes of this place who was quietly married to Mr. W. H. Porter in Stanford Wednesday evening at seven thirty o'clock. The bride was attired in a becoming suit of blue, hat and gloves to match, the groom will be remembered here as a worthy up-right christian gentleman and has won for himself one of our finest young women, the many friends extend them happy congratulations.

Large Increase.

Bumper crops, led by corn, with the greatest harvest ever gathered, were produced by the farmers of the United States during this year. In a general review of crop conditions the bureau of statistics of the department of agriculture says:

"The harvests of 1910 have been practically completed, with the results exceeding the expectations during the growing period. Preliminary estimates have been made of the productions of most of the important crops from which it appears that the aggregate productions of crops in 1910 are approximately 7.6 per cent greater than the crops of 1909 and about 9.1 greater than the average annual production of the preceding five years. Prices for important crops averaged on November 1 about 5.4 per cent, lower than a year ago.

"The production of other crops in 1910, expressed in percentage of the average production in recent years (not compared with full crop), is estimated as follows.

"Peaches 113.1, hops 106.9, broom-corn 105.4, cranberries 105.5, sweet potatoes 104.9, sorghum 104.9, asparagus 102.5, peanuts 102.5, cabbage 100.2, Lima beans 100, kafir corn 99.1, pears 98.9, beans dry 98.8, cantalopes 97.3, watermelons 97, onions 96.5, hemp 95.5, tomatoes 93.7, clover seed 93.6, strawberries 91.5, grapes 88.2, apples 85.8, millet seed 85.7, raspberries 78, blackberries 76.6.

"The condition of other crops, compared with average conditions at or near gathering time was. Sugar cane 104.1, rice 102.3, sugar beets 100.9, leas 99.3, cotton 98.9, oranges 95.5.

"Mount City Paints may cost a trifle more, but—C. C. & J. R. Stormes."

Cool Large Horse.

Mr. T. O. Hill has just returned from Troy Ohio where he purchased a large thorough-bred draft stallion from Mr. Dan Longendelfer for \$900. This stallion weighs 1930 pounds and has fine style and has never been beaten in a show ring. The horse is eight years of age and is one of the best ones of the kind that we have ever seen. Mr. Hill will keep him at his place in Buckeye.

Heavy Penalty.

The practice of writing on newspapers and packages, imparting some information to relatives or friends on papers or parcels mailed them has become so thoughtless and ignorant people that the \$10 penalty of the post has been made \$100 by the postal department, and hereafter offenders will have to stand arrest and trial. Newspapers can do the general public good by calling attention to the last government action in the matter.

Newspaper Errors.

Some people seem to think they prove their own brilliancy by being able to point out errors in a newspaper, says the Lexington Leader. After taking their leisure to pick flaws in work that had to be done in a hurry they call the newspaper man by telephone or hail him on the street for wrong capitalization or a split infinitive, if they can find nothing more serious.

Everyone makes mistakes in his profession, but with most people only the "boss" knows about it. The newspaper man's mistakes are spread out for all the world to see.

The condition of newspaper making demands that it be done at high pressure. If the editor went at his task with the extreme caution manifested by the lawyer when he writes a will, there would not be time to do much writing. And few people realize what infinite pains are taken under existing conditions to avoid error so far as possible. The bulk of the mistakes are the result of inaccurate information given to the editor.

Watch For It—The "Who is Who" Contest.

It's the characteristic features that always catch the big figures in the business world.

That's why the "Who is Who" contest is so interesting. It's a great game. It's the game that held Uncle Sam's sailor boys all attention when it appeared in the San Francisco Examiner. You might know how interesting it was when the great admiral sat up and took notice of it.

And one of the very busy and sedate presidents of a large Chicago banking institution was all "fussed" up over "Who Is Who" when it appeared in the Chicago American, and while he wasted (?) his valuable time playing the great game, household duties in many Chicago houses were forgotten, mistress and maid alike being taken up with "Who Is Who," that great game.

Now it has come to Lancaster and it will run in The Central Record next week.

Remember, this, that there is money in the "Who Is Who" contest for you. So just keep your eye on The Central Record.

Red Cross Christmas Seal.

Over one hundred towns in Kentucky have already taken up the sale of the Red Cross Christmas Seals. More of them taking up the sale every day. It is aimed to place the little Seals on sale in every city and town of one hundred inhabitants and over. \$1000.00 for the prevention of Tuberculosis in Kentucky this year is the slogan. Everybody is helping; nobody gets any profit for selling the little Seals. They are doing it to help along the good cause. The National Red Cross gets 12.4 percent for furnishing the Seals and the great quantities of advertising matter. The rest will be used to fight consumption in every county and village in Kentucky. Every citizen in the State will be benefitted, therefore everybody should help by purchasing the pretty little Seals.

Few Kentuckians know that there are 20000 cases of consumption in our state. That consumption is infectious and is not inherited. That consumption can be cured if taken in the early stage, but not with patent medicine. That consumption can be stamped out so that it will be as little known as Yellow Fever or Small Pox is today. That 6541 persons died in Kentucky last year from consumption and as many will die this and the next and every other year, unless we stop it.

The money received from the Red Cross Christmas Seals will make it possible for the State Association to carry out its program of lectures and Health Exhibits, showing the people of Kentucky how to protect themselves against Tuberculosis by preventing its spread. Everybody can help by buying the Red Cross Christmas Seals.

Write to the Secretary of the Kentucky Association for the Study and Prevention of Tuberculosis, Eugene Kerner, 215 E. Walnut Street, Louisville Kentucky.

ANSWERS EVERY CALL

Lancaster People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of headache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific.

Thousands of people rely upon it. Here is one case:

Simeon Raines, carpenter, E. Main St., Stanford, Ky., says: "Some years ago I used Doan's Kidney Pills with good results. In 1900, I met with an accident which brought on a recurrence of kidney complaint. I recovered sufficiently, so that I could work, but my back remained very weak. When doing anything that required stooping, my back became very lame and painful. Remembering what Doan's Kidney Pills had done for me previously, I procured a box and they gave me great relief. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Missouri is the greatest producer of
poultry in America. The hens form a
continual egg basket procession and
produce a surplus of more than a bill-

pure bred flocks of all breeds are
scattered throughout the State. Not
only are the pure bred flocks numer-
ous in the State, but the farms are
well stocked with poultry, and the cli-
mate being favorable, every chicken in
the State works full time all the year
round.

At a meeting of Democrats in Balti-

insult" to the head of the nation.

Cheaper to Live.

Someone, who takes a rosy view of
life gets off the following: "There
are men who argue that living is high
but they might try dying. A live man
gets shaved for 10 cents, but a dead
one pays a dollar and never kicks. A
good kersey overcoat cost \$25, but
wadded ones cost \$100. A grave dig-
ger will plant potatoes for twenty
cents an hour, but for planting you
he gets four times as much. A car-
riage for the theatre cost \$2, but one
to the cemetery cost \$5. A saloon keep-
er will fill your hide to bursting for 50
cents, but an embalmer gets \$7.50 for
the job. Come to think of it, there
are lots of things left to live for in
this old world despite the high prices
and the contrary weather."

WILL PROMOTE BEAUTY.

Women desiring beauty get wonder-
ful help from Bucklen's Arnica Salve.

sores and boils. It makes the skin
soft and velvety. It glorifies the face.
Cures sore eyes, cracked lips, chapped
hands. Best for burns, scalds, fever
sores, cuts, bruises and piles. 25c. at

Is little short of blindness;
For the most adulterated sort
Is the milk of human kindness.

A Falling Market.

Teacher—What was it that Isaac
Newton discovered when he saw the
apple fall?
Tommy—That apples were coming
down, ma'am.—Yonkers Statesman.

Proving It.

"She thinks the world and all of
you."
"She must, she has just refused to
marry me."

A Mix of Antitude.

"That aviator is unfortunate. He is
always falling down."
"Yes, he seems to be up against it."
